"OUR FOUNTAIN IS STYLE ALL THE WHILE"

FOSS BOOMED FOR PRESIDENCY

Boston, Mass., Nov. 9.—Gov. Foss will not retire from politics at the expiration of his term, despite the evident attempt on the part of the Hearst leaders to retire him. Other democratic leaders are going to run him for the presidential nomination in 1912 and are bringing strong pressure to bear on him to allow the immediate announcement of his candidacy. He has not yet fully consented, though he has consented to make no more statements discouraging the plan.

The same men who begged him to stand are the same who predicted his election to congress in 1910 and his later election as governor. They say he could easily carry New England for the presidency and the greater part of the West beyond the Mississippi. They are telling him that he is the logical candidate.

the voters have awakened and broken the chains that bound her.

"Signs of victory for the democratic party are evident everywhere. Next year I predict that this party will win the national offices, including the presidency. It is an endorsement of the democratic administrative policies and the labors already performed by that party."

MUDDLE OVER LAWTON CITY GOVERNMENT

Lawton, Ok., Nov. 9.—Lawton's dual form of government is at an end. The last guard of the old aldermanic form of government quit the city hall with the break of day today, and the new city commission, acting under the charter adopted by the people Sept. 7 last, is today in full control of the city administration.

Without the City Clerk's records, without treasury funds, in possession of only part of the keys to the city jail, and deserted, even, by half of the city council, Mayor G. H. Block decided to abandon the hope of preventing the new commission from proceeding with the administration of affairs by the blockade which had continued since 4 o'clock Monday morning, and will appeal to the courts to decide his right to the office of chief executive and the legality of the new city charter.

ROFF SCHOOL BOARD

SUES FOR 10,438

The day in district court has been taken up with the trial of the suit of the Roff school board vs. Commerce Trust Co. of Kansas City. The defendant company made the bond for J. S. Alexander, the contractor who built the Roff school house. Trouble arising, the school board took over the building before it was completed and finished the job. It is now suing to recover \$10,438.14 alleged to be of the amount the company is liable for on the bond.

ACCUSED OF STEALING CLOTHES

This morning Constable W. B. Adair arrested John Bone, who has been an employee of the owners of the airplane that was on exhibition the first of the week, he being charged with the theft of a quantity of new clothing belonging to John Herman, a German carpenter, who was also employed by the airplane men. When the airplane was loaded on the car last evening preparatory to being moved to Holdenville, the German, who decided to remain in Ada, collected most of what was due him, and invested a part of it in some new clothes. During the night they disappeared and this morning he managed to locate them and the constable's services were invoked. The accused man was locked up pending the return of some of his friends.

Thirty Hurt in Santa Fe Wreck.

Ardmore, Okla., Nov. 8.—In the Santa Fe head-on collision, which occurred near here Tuesday afternoon, thirty passengers were injured despite the first report made that none were injured. Twenty-three of the injured were on the lighter southbound train. The injuries consisted chiefly of sprained ankles and wrists and broken fingers. John Ralls of Ralls, Tex., formerly a banker at Ryan, Ok., was among the injured. He said he felt no pain for two hours after the wreck when his side began to hurt him severely. He was brought here to the sanitarium. Mr. Ralls was thrown forward and his side struck the chair in front of him. Passenger trains No. 11 and No. 17, both southbound, were consolidated at Dougherty Tuesday night, and passed over wreck between 10 and 11 o'clock.

Senator Stone for Champ Clark.

St. Louis, Mo., Nov. 8.—United States Senator William Joel Stone announced himself tonight as favoring the candidacy of Speaker Champ Clark for the democratic nomination for the presidency in 1912.

"I am and always have been a democrat," he said. "But above all I am for any good (and the senator gave special emphasis to the "good") Missouri democrat for president who is and always has been a loyal party man and who apparently has a good chance to receive the nomination."

"I think Speaker Clark fills these requirements in every particular. He has never failed to support his party and stand by his principles without equivocation or apology. I think he has as good a chance as any man for the nomination."

Majority of Editors Favor Clark.

Muskogee, Ok., Nov. 8.—Champ Clark for president is the choice of the democratic editors of Oklahoma, according to poll taken by the Muskogee Times-Democrat. Two hundred and eight post cards asking their choice was sent out. A majority declared in favor of Clark. Wilson was second choice. Four per cent favored Folk and 2 per cent favored Harmon. The majority favored instructed delegation to the national convention.

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

NOTICE TO THE PUBLIC.
For the convenience of the public, the Evening News will hereafter be on sale at the Post-office News stand for the small sum of 2c. The same rate will prevail at the News office. This is less than the actual cost of the paper, and it is impossible to make the price any lower. The publishers would like to give it away, but every paper costs money to print, and if it is worth reading at all, the News is certainly worth the small sum asked for it.

About the first official act of President Madero of Mexico was to declare that the press was abusing its liberty, and that some restraint must be thrown around its utterances. Sounds like Diaz come to life again. Muzzling the press was where he shone brightest.

Wu Ting Fang, who won much popularity in the United States while holding the post of ambassador from China, has cast his lot with the revolutionists. If his friends have any doubt about his losing his head by such a move, all doubt will be dispelled if he happens to fall into the hands of the government. In fact many heads will fall if the revolution fails.

The average socialist is always going around with a chip on his shoulder. For example, Prof. A. Floyd called his attention to an inaccuracy of a statement made by Stanley Clark in his speech on the street Saturday, and now, although not disputing the statement or claiming that Clark did not misrepresent the position of the historian Myers, Prof. A. L. Vandiver comes out with a challenge for a general debate on the merits and demerits of socialism. A man must not commit the sacrilege of saying anything against the holy cause of socialism or dare to question any statement made by one of its advocates or he becomes the target for sarcasm and abuse. Quite amusing.

ADA'S TRAIN FACILITIES.

When the Frisco puts on its new train Sunday, Ada will have about the best service of any town in the state. Including the locals, there are six trains on the Katy that carry passengers, four on the O. C., and eight on the Frisco, or a total of eighteen trains per day over the three roads.

The poll of the democratic papers of the state by the Muskogee Times-Democrat proves highly instructive. It appears that 50 papers are supporting Clark, 47 Wilson, five Folk,

while Harmon brings up the rear with only two. Bryan gets one, but that paper probably wanted to be just a trifle different or else non-committal. Quite a number refuse to express a preference yet, evidently waiting to see which way the cat is going to jump.

BRIGHT ANSWERS BY WEST POINT CANDIDATES

Districts where the congressman arranges for local examinations of candidates for cadetships at West Point will find it difficult to credit the caliber of those sent up from some other sections. An interesting revelation is made by Major General Barry, superintendent of the academy, in his annual report, quoting freely from the answers to examination papers submitted by some of the young hopefuls carelessly recommended by their congressional representative. These papers disclose the poorest spelling and most disjointed composition possible to conceive, while the ignorance of the candidates fully equals their orthography and grammar. Robert Burns is given as an English poet, Nebuchadnezzar as a prophet who "gave Egypt a good start" by founding a library. An ambitious General in embryo declares that Waterloo was fought "between Napoleon and Lord Wellington," and another imparts the information that the Macedonian phalanx and the Roman legion battled at Crecy. Of Walt Whitman one says "he writes for all the newspapers." Gens. Jackson and Lee are named as antagonists at the battle of Princeton and Montecalm and Wolf at the battle of Trenton.—Pittsburg Dispatch

Reply to Mr. A. Floyd.

In reply to your statement that Stanley J. Clark misquotes History. Will say that you are mistaken and when you say that he (Clark) was playing on the ignorance of the large crowd of intelligent people that heard him you put your foot in your mouth. Do you mean to tell the ministry or preachers of this town that they are ignorant? Do you mean to tell the other School Teachers of this city and surrounding country that they are ignorant?

Then in fact you was the only one that was not ignorant. You Mr. Floyd was the only one that knew enough to catch the speaker. Say you are like the negro said of Senator Bailey. (You show do recomend your self highly. Any time in the future that the people of this city wants to know any thing about history they will come to you. Respectively.

OSLER RIGHT; YOUTH SUCCEEDS AGE

Gray Hair Is First Sign of Age. Harmless Remedy Restores to Natural Color.

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race. One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old time remedies with other agents, which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't look old before your time. Get a bottle of Wyeth's Sage and Sulphur today, and see what an improvement it will make in the appearance of your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Reply to Mr. Floyd.

Mr. A. Floyd, Ada, Okla.

Dear Sir: In your little spasm published in the News last Tuesday you charge Stanley J. Clark with making a false impression in his speech last Saturday while reading from Myer's History. And you being such an ardent defender of the capitalist in this great struggle stood right there and never even called his attention to it. And strange to say that although Mr. Clark spoke again that night in the city you never mentioned it to him.

In fact you never gathered up courage enough to make your wonderful exposition in print until Mr. Clark was one hundred miles away. Oh you democrats are so brave.

Now Mr. Clark has gone, but I am here and I want to accommodate you

with an opportunity to expose the fallacies of socialism.

But you may say that the socialists have the advantage in debate because they have no record to defend. All right sir, we will rub out the past, and I won't ask you to defend anything the democratic donkey ever did.

You affirm the first night that the democratic platform is a better remedy than the socialist platform for the existing industrial conditions.

The next night I will affirm that the socialist platform is a better remedy than the democratic platform for the existing industrial conditions.

The Embalming Board Meets.

The Oklahoma state embalming board, composed of William E. Harper, of Oklahoma City, president; L. T. Walters, of Ada, secretary, and Geo. H. Bloom, of Muskogee, is busy today in this city examining applicants for the state undertaker's license. The board met in formal session this morning in the Commercial club rooms, with the prospect of examining over twenty-five applicants before night.

Prominent among those who would become full-fledged Oklahoma undertakers are a number of gentlemen from Kansas and Texas, who carry on their business in town close to the Oklahoma line. As they frequently have calls to come into the state of Oklahoma, they must pass the examination and be admitted here before they will be permitted to accept Oklahoma cases.

A number of the applicants also come from the far western part of the state, and eastern Oklahoma has fewer applicants than was expected at this time.—Times-Democrat.

Giving Him His Own Advice.

Sometimes a man gets into trouble in a very unexpected manner. A few nights ago as a citizen of the east side was passing a drug store he saw a neighbor just inside the door. "Time for you to be at home," he called out in his good natured way. As luck would have it a lady was walking just ahead of him, and thinking the remark was addressed to her, she eyed the man with withering scorn, and snapped: "Better be going home yourself." A great fall in temperature at once took place in his vicinity.

DAD AND THE BOY.

A young boy, about sixteen years of age, was standing on the steps of the state capitol in a certain western state one day. He was a crack athlete, a fine fellow, and very popular. A dozen of his friends came by and called out, "come along with us, Bob; we're going to have a ball game." "I can't do it, fellows," he replied; "I am going to spend the afternoon with my father." "Oh, come with us and have a good time." "I can have more fun going with my father," he answered.

One man who heard the remark suddenly saw a glimpse of how a very large part of the "boy problem" might be solved.

The man whose boy would rather

STREET CARNIVAL IN FULL BLAST

Although the weather has not been very favorable, the Rice & Wood Alamo shows have been well patronized during its stay at Ada, and the attendance this evening bids fair to be a record breaker.

As stated before, this show has the greatest number of attractions of any that ever visited Ada, and out of the dozen or more, to say nothing of smaller side shows any man can find something that suits him.

The shows are both educational and amusing—a person can take his choice if he has a preference. This will be the last carnival of the season, and there will be only two more days of it.

REMARKABLE WORDS.

"You seem to consider judges as the ultimate arbiters of all constitutional questions; a very dangerous doctrine indeed, and one that would place us under the despotism of an oligarchy."

"A crank" wrote that—a "disturber," "one of the mob," not to be trusted with the recall of the judiciary and such weapons. His name? Oh, yes—Thomas Jefferson wrote it in a letter in 1820.—Lawton Constitution.

Better Buildings for County Schools.

All parents desire that their children shall be educated according to the best light they have. All wise parents desire that their children shall not only obtain learning but love learning. If the youth does not love learning its acquisition will be difficult during school days and will probably end when school days end. But if he does love learning his progress will be greater and he will continue the process of learning after school and all through life. Therefore to compel a child to learn a lot of facts, however useful, without giving him a love of learning is to do only a small part of the best work of the school.

Now a child may be compelled to acquire a large amount of useful in-

formation in an ugly uncomfortable school building, but if the building be comfortable and beautiful the child not only learns more rapidly but also imbibes a love for the process of learning and for knowledge itself by association with the attractive environment of the school.

The child is something of a materialist and evaluates all things somewhat in proportion to the pleasure they give him. He appreciates or depreciates an education itself in some measure according to whether the school is more or less attractive than his home or other important elements of his environment. Therefore, the schools should be the most attractive institution in the child's environment.

The country school building should be more attractive than the

A CERTAIN CURE FOR CATARRH

The mucous membranes of the nose and throat are exposed to the irritating influence of dust, impure air, etc., and for this reason are the places Catarrh usually first manifests itself. But these are simply exciting causes, the inflammation and discharge being really produced by an impure and vitiated condition of the blood. It is well enough to use some local treatment to cleanse these membranes, but any one can readily see that if the inflammatory matter is left in the blood, such treatment cannot possibly have any permanent effect. S. S. S. cures Catarrh by purifying the blood of all impure catarrhal matter and irritating germs and at the same time builds up the system by its fine tonic effects. When S. S. S. has purified the blood, the mucous surfaces are all nourished and made healthy. There can be no inflammation of the membranes then, because the blood is pure, and every tissue receives nourishment instead of irritating matter. Our book on Catarrh will give proper advice as to what is best to use as a local aid while S. S. S. is purifying the blood. This book is free, also any special advice you may feel you need. S. S. S. is sold at drug stores.

best homes in the community. If the child goes from a beautiful home to a less beautiful school he will not be so apt to appreciate the school or that for which the school stands. On the other hand, if a child goes to a school that is more beautiful than his home he will thereby feel a respect for the school and for the training which the school offers to him.

Those who have the most beautiful homes must send their children to still more beautiful schools if they would have their children imbibe the right feeling toward the intellectual and moral development offered by the schools.—John H. CHILDREN INJURED.

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be overcareful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy which we know for constipation and associate disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowels, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Remedies in Ada only at our store—The Rexall Store.—Gwin & Mays Drug Company.

CRAVEN MUST FACE

TRIAL IN OKLAHOMA
Jefferson City, Mo., Nov. 9.—Convict Charles Maust, who completes his sentence in the penitentiary Wednesday, has been identified as Ben Craven, who is wanted in Noble county, Oklahoma, on the charge of murdering the postmaster and a deputy marshal at Red Rock in that county.

United States Marshal A. S. Martin of Kansas City arrived Tuesday night to arrest Maust on his release Wednesday. With him is deputy United States Marshal Lung of Oklahoma, who identified Maust as Craven some time ago. Two other witnesses will be here Wednesday morning to identify him.

The prisoner will be arraigned before United States Commissioner H. C. Giesberg and when properly identified will be ordered to jail in Kansas City and from there the federal judge will order him taken to Oklahoma for trial.

The crime for which he is to be tried was committed in 1901, while Oklahoma was a territory, hence the federal court will have jurisdiction to try him. Maust came to the penitentiary for three years from Andrews county for burglary and larceny.

Maust also is wanted in Kansas to serve a twenty-year sentence in that state for murder, and the Kansas officers are expected also, but the government will take the prisoner.

Farming on a Lake's Bottom.

Near the south end of the San Joaquin Valley in California, there is a body of water known as Lake Tulare. It is quite large; in fact, in 1880 its area was about four hundred square miles. A peculiarity of this lake, however, is that sometimes it is not there at all. Being very shallow, it dries up now and then. In 1904 its surface area was one hundred square miles; but in the following year it had disappeared entirely and farmers went in and raised a good many thousands of bushels of grain on what had been its bottom.

Lake Tulare is probably the most uncertain piece of water in the world.

Whereas now and then it disappears it has a way, on the other hand, of extending itself to an uncomfortable area in some seasons, overflowing the farming lands. Hence it comes about that the farmers in that region have been engaged for some time past in reducing the lake to order by hemming it in with dikes and by this means it is acquiring an odd sort of geometrical pattern.

As a result, its floods in future will be restricted. To show how far the possibilities of the case extend, one man is now actually engaged in converting a piece of the lake into dry land by building a dike round it. When the dike is finished he will pump the water out and utilize the inclosure for raising grass.—Delta.

Luther Harrison is back at his old job as editor of the State Democratic Press Bulletin. Luther showed himself a live wire in this capacity during the last campaign, and it is our opinion that there is not a man in the state who is better equipped than he to hold this position. The Republicans are already beginning to squirm, although he has fired only a few scattering shots as yet. Just wait until he gets all his artillery into action.

Neuralgia of the face, shoulder, hands or feet requires a powerful remedy that will penetrate the flesh. BALLARD'S SNOW LINIMENT possesses that power. NOTICE TO TAXPAYERS

I have notified each taxpayer in the county the amount of his 1911 personal tax, on account of my time being limited it will be impossible for me to get out any more individual notices, so I take this means in giving further notice.

Please make out a list of your property, if town lots, give number of lot and block, name of town they are in and if in an addition to the town give the name of the addition. If farm land, copy the description from your deed, giving what part of the section, the section number and township and range.

If you fail to call for all your property, and don't pay all your tax it will be your fault and not mine for it is impossible for me to know what you own.

You can help me by knowing where your property is and it won't take me so long to serve you.

Help me and I will help you by giving you quicker and more accurate service.

All taxes were due Nov. 1. If 1-2 is paid by Jan. 1 other will run to June 15, but if 1-2 is not paid by Jan. 1, the whole becomes delinquent and draws a penalty of 18 per cent per annum from date of delinquency until paid. Paying tax went delinquent Sept. 1. Sewer tax will go delinquent Dec. 15. Look after your tax.

BALDNESS CURED

For two or three years my hair had been falling out and getting quite thin, until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have used four bottles. The whole top of my head is now fairly covered with hair, and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

Which?

Yes, there is a difference. There are shoes that are made to sell at bargain prices—that are made of paper soles and heels, low prices, smart in design, but will not give satisfaction.
